* some programs are offered annually/seasonally and are subject to change

Clubhouse

We offer our Clubhouse members, ages 8 to 12, a variety of after school program activities.

Members can participate in STEM programming, homework help, open swim, sports teams, visual and performance arts, leadership clubs, games room activities and much more!

Transportation for members of the Clubhouse is provided from all of Nashua's public schools, and to bring members home each night to select city neighborhoods. Members also receive daily nutritious meals and snacks, free of charge.

We work hard to ensure they have a safe and fun environment to engage in programs rooted in academic success, good character and citizenship and healthy lifestyles--all under the guidance of caring, trained and trustworthy adult mentors.

Membership is only \$35 annually. To learn more about Clubhouse programming contact the Clubhouse Director by email at emccambly@bgcn.com or by phone at (603) 883-0523 x 233
