- Power Hour
- Snack and Meal Time

Kids Club

Our state-licensed Kids Club program provides children ages 5 to 8 the structure and supervision necessary for consistent growth in preparation for the next level up. Kids Club members enjoy a variety of daily activities such as arts & crafts, STEM programming, sports, fitness and recreation, swim and other programs that help develop and enrich their lives. We provide healthy nutritious snacks and lunches to our members daily as well as transportation to and from school.

The Kids Club Program also offers a Licensed Summer Camp Program for children ages 5 - 9. State assisted families are welcomed.

Kids Club Summer and School program is open from 6:30 am to 6:00 pm throughout the year.

For more information or to register for Kids Club, contact the Kids Club Director by email at jdavis@bgcn.com or by phone at 603-889-3825 x219. All contracts, paperwork, and required information will be provided at that time.

***Some programs are offered annually/seasonally and are subject to change**
